Excellent apartment, placed on a busy location in the city center. In near vicinity of the intersection with Takovska Street and at only a few minute walking distance from Botanical garden. The apartment is indrawn in comparison to the street and isolated from noise. It consists of an open space living room with dining area and a kitchen which is visually separated from the living area by a kitchen counter. There is one bedroom equipped with a double bed and a capacious closet at disposal, as well as a bathroom with a bathtub. Entrance hallway with another closet is open towards the living room, which exits to a terrace, overlooking the street. There is one garage space available for tenants in building's underground level. The whole apartment is equiped with new, modern furniture and has a lot of interesting details. It is suitable for one person or a couple, as well as for businessmen who need a central location in the city.
