A relatively new building on busy location of Vozdovac area. In close vicinity there are stations of public transportation, faculty and numerous shops with variety of goods to sell. Entrance to the shop is directly from the street, where is placed large window surface convenient for advertisement. Eight stairs leads to ground floor and high ground floor which together with first floor make the structure of the space. First floor is divided into open space and part with several offices. Most of the walls in the space are made of plaster, so they could be easily removed. Toilets and kitchen are placed on the last level. Convenient for retail, office or service activities.
