An excellent, modern house in quiet settlement close to shopping mall Banjica. New complex organized as line of semi detached houses with yards in the back sides, opposite of the street. Mediterranean style is used with very functional organization into three levels. Ground floor consists of anteroom which leads to open space of living room and dining room, while a kitchen is separate, as well as toilet. On this level are two garages, part of the yard for another parking place, and boiler room. On the upper level there is a bedroom with bathroom and shower cabin, and a terrace which occupies 15 m<sup>2</sup>. Three more bedrooms are here, one small study room and a bathroom. Attic is organized as open space with bathroom. It has slanted ceilings which do not disturb the space functionality. This luxurious house is nicely furnished, with decorative lights and plaster elements on ceilings. Living room is equipped with fireplace and large sliding doors which leads directly to well maintained yard with barbecue and paved platoo with sitting set. The yard is surrounded by trees, while central part is decorated with nice, short, green grass. Interior is in black and white shades furnished with impeccable taste.
