Excellent apartment, situated in a good location, close to the Clinical Center of Serbia, several diplomatic missions and public institutions. Good connections with other parts of the city, through many lines of public transport, while the abundance of commercial content makes this location even more comfortable for living and working. The apartment is housed on the second floor of a beautiful pre-war building. It has been completely renovated and has a functional room layout. It consists of a hallway from which you can enter all the rooms, three bedrooms, a fully equipped kitchen, a bathroom and a terrace. It is suitable both for life and for quieter business activities.
